NADEJDA GLUHOI

PERSONAL PROFILE

I am a teacher of computer science and specialized objects at I.P.CEEE in Chisinau. While teaching students web-related topics (front-end such as CSS3, HTML5, POO), I noticed that I have a special pleasure when teaching and working on these topics.

The spark in my eyes has managed to ignite many students who want to work in this field. And that is the reason why I want to work as a Front-End developer.

WORK EXPERIENCE

Computer Science Teacher, I.P. CEEE

1.09.2015 - present

- Developing lesson plans that incorporate new technologies and teaching methods;
- Teaching students about computer science terminology such as algorithms and data structures;
- Keep records of grades, grade papers, and perform other administrative duties as needed.
